

ABOUT ME

I am a responsible and motivated professional with a strong interest in biomedical and health technologies. As a Chemical Technician and current Master's student in Biomedical Engineering, I have experience in laboratory analysis, quality control, and technical processes within pharmaceutical, biotech, and medical device settings. I learn quickly, adapt well to new environments, and work effectively in multidisciplinary teams, applying analytical thinking and strong project-leadership skills to support the development and improvement of technologies and processes.

PERSONAL INFORMATION

Birth Date: 08.15.2000

Age: 25 years old

MARÍA MILAGROS LAHUERTA

CHEMICAL TECHNICIAN | DOBLE DEGREE MASTER'S
STUDENT IN BIOMEDICAL ENGINEERING

WORK EXPERIENCE

● **Supervised Professional Internship**

Conci Carpinella

May 2024 - October 2024

Córdoba, Argentina.

Research activities, setup and use of 128-channel EEG systems, and related software.

Tasks associated with functional magnetic resonance imaging.

● **Laboratory Assistant**

CEB-NEO Center for Biochemical Studies

July 2019 – December 2019

Río Tercero, Córdoba, Argentina.

Responsibilities included handling laboratory equipment and materials.

EDUCATION

● **Double Master's Degree in Biomedical Engineering**

Master's Degree in Biomedical Engineering

Politecnico di Torino

Second year - present

● **Biomedical Engineering Degree**

National University of Córdoba (UNC)

Faculty of Exact, Physical and Natural Sciences (FCEFN).

Córdoba, Argentina.

● **University Bachelor's Degree in Applied Sciences**

FCEFN - National University of Córdoba.

Start year: 2020

Graduation date: July 27, 2023

● **Chemical Technician**

High School Diploma - IPET N° 266 Gral. Savio

Río Tercero, Córdoba, Argentina

Specialization: Chemical Technology

Graduation year: 2019

ACADEMIC EXPERIENCE

Undergraduate Teaching

Internship – Human Physiology

FCEfYn – National University of Córdoba

March 2025 – August 2025

International Tutor 2025

FCEfYn - UNC

March 2025 – August 2025

President, IEEE Student Branch – UNC

IEEE Student Branch UNC

February 2025 – February 2026

Vice President, IEEE Student Branch – UNC

IEEE Student Branch UNC

February 2024 – February 2025

3D Design and Printing

Universidad de la República – CESABI – EMBS IEEE

January 2025

I-Teams, VI Edition

Global Shapers – CONICET – Ministry of Science and Technology of Córdoba - Argentina

August 2024 – October 2024

Analysis of how and where to implement technologies and research outcomes developed in local universities and institutes. Activities in multidisciplinary teams.

Undergraduate Teaching

Internship – Biomedical Physics

FCEfYn – National University of Córdoba

August 2024 – August 2025

Postgraduate Intensive Course

“Introduction to Functional Neuroimaging”

National University of the South - Argentina

July 2–4, 2024

Course “AI Tools in Medical Imaging”

Argentine Society of Bioengineering

EMBS – IEEE

June 2024

Collaboration in Experiments with the Institute of Health Science Research (INICSA) - Argentina

May 2024 – October 2024

Collaboration on in vivo experiments using a murine model for a research project on the cognitive effects of diabetes.

Data Science Course

IEEE

March 2024 – June 2024

Theoretical-Practical Workshops: New Horizons in Radioncology Treatment, Benign Tumors, Functional Pathologies, and Pain.

Marie Curie Foundation

November 23–24, 2023 – Córdoba, Argentina

SABI 2023 – 24th Congress of Bioengineering & 13th Clinical Engineering Conference

Argentine Society of Bioengineering (SABI)

October 3–6, 2023 – Buenos Aires, Argentina

Internship – Pediatric Clinic

Bietigheim-Bissingen, Germany

April 24–28, 2017

Knowledge about german healthcare system. Interaction with the clinic's medical team.

International Fellowship Class (IFC)

Friedrich Schiller Gymnasium

September 2016 - July 2017

Marbach am Neckar, Germany.

SKILLS

Languages

English – B2

German – B1

Italian – B2

Mandarin Chinese – Level 1

- Technical Skills: C++, Python, MATLAB, Microsoft Office Suite, Streamlit, Signal Processing, Machine Learning, Data Architecture, LaTeX, Git.
- Professional Skills: Leadership, Analytical Thinking, Technical Problem Solving, Cross-functional Teamwork, Adaptability.
